

California Community College (CCC) Transfers to In-State Private (ISP) and Out-of-State (OOS) Four-Year Institutions in 2004-05

Overview

The following report displays the number of transfers to In-State Private (ISP) and Out-of-State (OOS) four-year institutions in 2004-05 and the names of these institutions, tabulated by individual California Community Colleges. Transfers for the 2004-2005 academic year were captured from a series of aggregated first-time freshman cohorts (1993-94 to 2003-04) that completed at least 12 units while in the community college system. A student records match with the National Student Clearinghouse (NSC) identified the four-year transfer institution.

Identifying Student Cohorts

Beginning with 1993-94 data, a series of first-time student cohorts was identified by academic year. First-time students were individuals taking their initial credit course in the CCC system with no prior enrollments inside or outside the system. The students in the cohort must have completed at least 12 units in the community college system. The community college identified in the report was where the student first completed a credit course. The 2004-05 transfers were identified by disaggregating the ten cohorts by academic year.

The National Student Clearinghouse

The CCC Chancellor's Office (CCCCO) has an agreement with the National Student Clearinghouse to track transfer students. Through this agreement, the CCCCCO submits files to the NSC for matching to the national student database. The NSC returns a listing of transfers to public and private institutions.

Matching Considerations and Limitations

- Students transferring to institutions that are not NSC members are not matched.
- The NSC limits data matching services to colleges that are "core service" members. About 95% of all colleges and universities in the United States are members.
- As of December 2006, 104 of the 109 CCCs are members and submitting student enrollment data.
- Students not receiving financial aid may request that the NSC not release their information to other institutions. These students are not matched.
- The NSC is unable to provide an accurate match if the student record sent from the CCC Chancellor Office is missing or incorrect.
- A student might transfer to several four-year institutions, but this report reflects the first institution attended.

Despite these considerations and limitations, this attached report provides colleges with a useful estimate of reported transfers to in-state private and out-of state four-year institutions for 2004-05.

**California Community College (CCC) Transfers to In-State Private (ISP)
and Out-of-State (OOS) Four-Year Institutions in 2004-05.**
