Re: Interim Dean of Student Affairs & Activities

Dear Colleagues:

It is a great pleasure to announce the appointment of Daphne Small as the Interim Dean of Student Affairs and Activities as of September 1, 2008 through June 30, 2009. Daphne has more than nineteen years experience in community college student affairs at Foothill College, including nine years as Student Activities Director, and ten years in a classified position, as Student Activities Specialist.

In her role as Director of Student Activities, Daphne has had supervisory responsibility for the day to day activities of the student activities staff in the areas of student leadership development, campus programming, budget oversight, multicultural heritage month development, community service learning, intramural recreation and daily operations, as well as providing leadership for new student orientation and commencement.

Additionally, Daphne's counselor training and hands on experience in conflict resolution prepare her well for the responsibilities of the Interim Dean of Student Affairs and Activities.

Please join me in welcoming Daphne to her new role!

Judy
